EDUCATION

University of Toronto — Master of Information, User Experience Design

Sept 2025 – Present

GPA: 4.0/4.0 (to date)

Relevant Courses: UX Design, UI Design, Usability Testing, Exploratory Research, UX Leadership, Visual Communication, Information Architecture, Project Management

University of Toronto Mississauga — B.A., Digital Enterprise Management

Sept 2021 – Apr 2025

GPA: 3.76/4.0 (High Distinction) · 4× Dean's List Scholar (2022–2025)

RELEVANT PROFESSIONAL EXPERIENCE

UX Designer Intern, BenQ Corporation

Jun 2024 – Sept 2024

- Ran mixed-methods research (survey + interviews) to evaluate BenQ's newly launched Zowie e-sports booking platform and align stakeholders on key pain points.
- Redesigned high-fidelity wireframes for the booking flow, contributing to a 15% increase in product sales.

SELECTED PROJECTS

Map & Moment — Hi-Fi Redesign & Design System

April 2026

- Led a solo hi-fi redesign of a memory-sharing app, translating usability testing and peer critique findings into 6 targeted interface changes.
- Built a complete design system from scratch — spacing scale, typography scale, and semantic color tokens — for consistency at scale.

Foodie Match — UX Research & Prototyping

Dec 2025

- Defined a data-driven problem statement through 8 interviews, synthesizing insights into personas, journey maps, and task flows.
- Ran usability testing with 16 participants and iterated on the design, achieving a 95% task success rate and a 40% reduction in decision time.

UofT Study Room Booking Portal Redesign — Evaluation & A/B Testing

Apr 2025

- Identified core usability pain points in UTM's legacy booking interface through heuristic evaluation.
- Ran A/B testing with 15 participants, reducing average reservation time by 53.8 seconds with a 100% user preference rate.
